Ressources center

The film festival manages a Resources Center, the stock of which, with beneficial owners agreement, is supplied with the selected films , not only the films showed during the festival, but also those which seem us most interesting, as much for their artistic quali- ties as for the strength of their content, although they are not projected.

During each instance of the festival, this unique collection is an evidence of altogether the creativity, the cultures, the distinctive claims of guests peoples, but also of little known or bad known cinema- tography, and at last, of the critical visions about the festival themes : Globalization / Human rights / Minorities / Prisons / LGBTQI / Deaf people / Colonization / Migrations / Brittany

The film deposit is free and films must be provided as DVDs.
The films are considered as 'tools' and are viewable in our premises.

*« Created in 1978, the festival has developed,
a Resource Center
who classifies and computerizes his archives.
A large part of the 5 000 documents can be
consulted all year round. »*

Do you agree your film to be put at disposal according to the above mentioned framework ?

Yes No

I hereby (beneficial owner name),
Producer / Film maker / Distributor (delete as appropriate) authorize the Festival de Douarnenez to
keep for free in its Resources Center (according to the above mentioned conditions) a DVD copy of
the film(s) :

Signature :
